

Andy Charlwood is professor of human resource management at the University of Leeds, where he is programme director of the MSc Data Analytics and HRM. He is also a founder of the HR Analytics Think Tank, a university/practitioner initiative to develop an evidence base for the use of analytics in HR. Beyond his research in HR analytics, he has particular research interests in the health and social care workforce and in job quality and subjective well-being at work. He is a member of the ESRC Digital Futures at Work Research Centre.
