JMG Aims and Scope

- Broad Spectrum of issues:
 - *The Journal of Management and Governance (JMG) is an international journal dedicated to advancing the understanding of corporate governance issues within and throughout privately-held firms, publicly-held corporations and government-controlled organizations*
- Strategies and decision-making
- Accounting
- Reporting and information control
- Measurement issues in governance
- Relational, cognitive and behavioural based research
- JMG is international in authorship and editorship
- It follows the internationally shared norms of blind review and research quality standards, and adheres to a constructive rather than destructive review process approach
- The journal accepts various paper formats and methods
- Any research strategy is recognised, as long as it effectively addresses the issue at hand and rigorously adheres to the methodology adopted, in survey research or simulation, a case study or a statistical analysis

Hi everyone! I will be very happy to welcome the submission of papers presented in this Workshop that may deepen the role of intangibles and intellectual capital related to governance issues!!
Thanks Stefano!

Enjoy the Conference!!
