

The **8th Workshop on the Challenges of Managing the Third Sector, June 9-10th** will take place at the **National University of Ireland Galway** campus located in the centre of Galway, a city on the beautiful west coast of Ireland and the gateway to Connemara.

Galway City A spectacularly beautiful county, Galway is a medley of contrasts - the wildest and remotest of countryside teamed with one of Europe's most vibrant and popular cities. Galway City at the mouth of Galway Bay is both a picturesque and lively city with a wonderful avant-garde culture and a fascinating mixture of locally owned speciality shops, often featuring locally made crafts. It has changed considerably over the last number of years and features a fascinating juxtaposition of new and ancient architecture. The centre of the city is conveniently compact enough to ramble around and explore.
